Club House Status

Esk Shire Council has approved the DA application for Watts Bridge although we believe that there are a couple of conditions and we hope to have this in writing soon. The survey of the site will commence next week. Yippee, another step nearly there!

Club House Contributions

Some time ago it was agreed that members would be asked to donate or loan \$600 towards the new club house and that we would thank these members by placing their names on a plaque or brick (or some other method of recognition) in the clubhouse.

If you haven't donated your \$600 yet (or maybe haven't heard about this) then please give some serious thought to this

Customer: "I've been ringing 0700-2300 for two days and can't get through to enquiries, can you help?"

Operator: "Where did you get that number from, sir?"

Customer: "It was on the door to the Travel Centre"

Operator: "Sir, they are our opening hours."

donation. Help the club take this big step towards owning its own club house and be proud to have been one of those who unselfishly gave \$600 and started the Queensland Aerobatic Club House become a reality!

Cheers,

Clive Tudge
