Business arising from minutes

Proposed hangar sale discussed. Valuation of hangar required. Vote planned at next meeting. Voting slip provided in newsletter to be sent in if not attending April meeting.

General Business

Membership fees of \$40.00 due in April.

Meeting room / club house discussed. In 2003 a vote was taken deciding the size and style of a suitable building to be used for a meeting room / club house at Watts Bridge. A deposit was paid to Chris Gratton Sheds to release drawings at this time. The project stalled because of the lease / approval complications at that time. Sale of the hangar could provide finances to complete this building with power, lighting, kitchen, toilets / sewerage, tank and fitting out of the interior. Alternatively a different style of building could be planned. The discussion mentioned the options.

Builders Report

Richard Faint talked about the T1/T2 projects he and Glenda are building Richard spoke about the difficulty in fitting the metal turtle decks. He mentioned some specifications and discussions held with Bill Whitney and associates. It was proposed that the May meeting be held at Richard and Glenda's house so members can inspect their projects.

Thanked Tanys McCarron for preparing the supper.

Meeting Closed 21.17.00
